For and by dancers

We are tango dancers, tango instructors and to be clear, a bit obsessed about all things tango-related, so you can expect incredible dancing during our tango holidays – from charming tandas with locals to enjoying tango in beautiful venues.

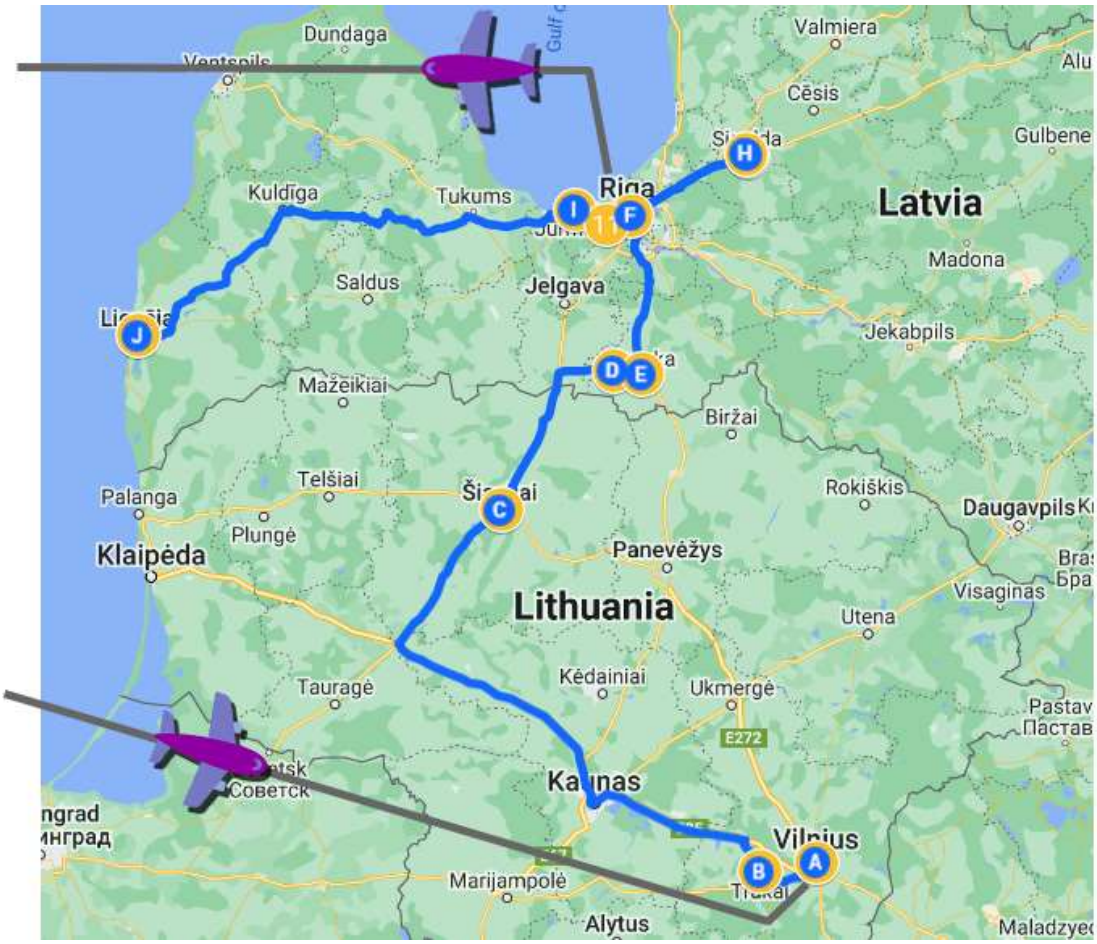
Breathtaking adventures

We curate tango holidays that seamlessly blend exceptional dancing with the exploration of breathtaking destinations, offering unparalleled adventures. So expect amazing discoveries in the Baltics!

Friendly groups

Our holidays are crafted for small groups, fostering a warm, familial atmosphere where participants can enjoy each other's company and share experiences, creating genuine and lovely connections that often last long after the trip is over!

Main highlights



Our adventures will take us to enjoy **cultural visits**, hikes in beautiful **nature**, discovering the fascinating **past** of the Baltics, **swimming** in the stunning Baltic Sea (enjoying the warm summer weather), tasting the cuisine, and uncovering incredible palaces and castles.
Does that sound like a dream? To make things perfect, our **Lithuanian guide Asta** will be with us during the entire trip, so if you like to talk with a true local, ask her anything you like!

And tango? We will immerse ourselves in the local tango scene, and take you to lively **milongas** in picturesque venues, where you can dance with local dancers. Our programme also includes **tango classes** as well as (this is where your eyes open wide with amazement!) joining a major tango event on the beautiful coast of Latvia, so expect to dance on the beach and indoors too.

What we have organised for you

In Vilnius and Riga, we will join local milongas to enjoy local tango scene. We have also organised **three tango lessons for the group only** – expect real fun sessions, with one of them focusing on dancing milonga too!
The trip ends with a real 'high', at **Liepaja Amber Sea Marathon**, that includes dancing on the beach during the day and in a beautiful hall in the evening.

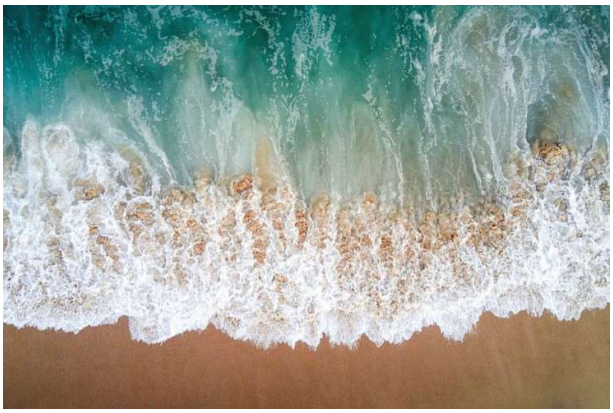
We will wander through the quaint and elegant streets of **Vilnius and Riga**, each offering a unique blend of history, culture, and modern flair. We will enjoy **guided city tours** that unveil ancient neighbourhoods, stunning architecture, and vibrant neighbourhoods. We will then take you to dine at local restaurants to savour the delicious Baltic cuisine, all the while soaking in the lively atmosphere, with, in your hand, a glass of wine, Lithuanian mead, Gira, or black balsam.

Embark on a tour with our guide, of Vilnius' intriguing Soviet past – **a fascinating glimpse** into the complexities of Lithuania's history. As you stroll through the city's streets, she will recount tales of Soviet occupation, revealing hidden stories behind landmarks, relics, and poignant memorials honoring those who resisted. And to make the experience complete, we will even take you to a **restaurant** that kept the flair of Soviet times olden days.

A true gem of Lithuanian heritage, we will discover Lithuania's oldest castle, nestled on an island – a stunning example of Gothic architecture and a symbol of Lithuania's rich history. Dating back to the 14th century, this picturesque fortress served as a residence for the Lithuania's Dukes.
We will also visit Latvia's most impressive palace, the *Versailles of Latvia*, a stunning Baroque and Rococo masterpiece that features exquisite gardens, ornate

frescoes, and opulent interiors, and is surrounded by meticulously landscaped grounds – a true a cultural treasure

We will discover the pristine beauty of nature in the Baltic region, including Latvia's oldest and largest national park, a breathtaking expanse of natural beauty that showcases the country's landscape – with lush forests, dramatic sandstone cliffs, and its meandering river.
We will also take leisurely hikes along stunning coastal paths near Riga. The Baltic summer is alive with colourful, vibrant sunsets.



We will unwind at the most beautiful beaches the Baltic has to offer. Known for their pristine white sand they offer a captivating blend of natural beauty and tranquility. When not dancing, go for a swim in the warm waters of the Baltic Sea, snorkel, sunbathe (doing nothing is recommended too for successful holidays!), go for a long walk on the beach to feel the sand beneath your feet, drink a mojito, the choice is yours.

And most importantly: create connections.

This tango holiday is not just about dance and discoveries; it's about creating connections with other fellow dancers from the group and at the local milongas, share a laugh (or ten), and making new friends in the process. So, embrace the extraordinary with Baltango. for unforgettable memories.
